

Green Homes & Sustainable Communities:  
*The changing landscape for financing, developing,  
and managing green affordable housing*

August 6–7, 2009  
The Park Plaza Hotel  
Boston, Massachusetts

Presented by:

Sponsored by:

# The Annual Summer Symposium on High-Impact, Green Affordable Housing and Community Development

## Who should attend

For-profit and nonprofit developers, property managers, attorneys, consultants, and other professional advisers

- Investors, lenders, underwriters
- Community-based organizations, philanthropic institutions
- State and local housing and community development agency staff

## Why you should attend

*No other industry event* brings together the leaders who are making green and affordable one and the same. *No other industry event* offers opportunities to learn from the best about what's working today—and what's next. *No other industry event* convenes the growing community of developers, financiers, technical experts, policy makers, and advocates who are redefining affordable housing and community development in this country. To remain at the forefront of industry innovation, get the latest research on costs and benefits, and understand emerging opportunities for resources, you need to attend this conference.

## Speakers

(the following organizations have been invited)

The US Green Building Council • The Center for American Progress • The Somerville Housing Authority • Enterprise Community Partners • Living Cities • City of Boston • US Department of Housing and Urban Development • Building Performance Solutions • Winn Development • National Housing Trust
